RESPONSE

Dear Sir:

This Response is being filed in response to the Office Action mailed March 28, 2008 in the above-identified application. Applicants hereby petition under 37 C.F.R. §1.136(a) for a three-month extension of time in the above-identified application, up to and including September 28, 2008, to make this reply timely.

The only rejection contained in the March 28, 2008 Office Action was rejected on the grounds of nonstatutory obviousness-type double patenting in view of U.S. Patent 6,406,724, owned by the same assignee as of the present invention. A terminal disclaimer in view of U.S. Patent 6,406,724 is attached.

In review the pending claims 1-26 and 34-53, Applicants noted errors related to antecedent basis in claim 34. The appropriate correction has been made in claim 34 in the present response.
